ANNOUNCEMENT CONCERNING CHANGES IN THE
INTERNATIONAL CODE OF NOMENCLATURE OF
BACTERIA

At the Leicester meeting of the Judicial Commission of the International Committee on Nomenclature of Bacteria, an ad hoc Drafting Committee was established for the purpose of considering necessary changes in the International Code of Nomenclature of Bacteria for presentation to the Judicial Commission at the International Congress for Microbiology to be held at Mexico City in August, 1970.

Those interested in bacteriological nomenclature are invited to submit to the Drafting Committee any proposals they wish to make concerning changes in the Code. Proposals should be worded carefully and concisely, and the wording used should be consistent with that currently used in the Code. Each proposal should be accompanied by a statement which gives the reason for the proposed change.

The Drafting Committee invites all of those interested in bacteriological nomenclature to submit proposals for changes in the Code to the Drafting Committee for consideration.

All proposals should be submitted to the Editorial Secretary, Dr. Erwin F. Lessel, American Type Culture Collection, 12301 Parklawn Drive, Rockville, Maryland 20852, U. S. A.
