ERRATUM

Transfer of Five Species and Two Subspecies of *Spirillum* to Other Genera (*Aquaspirillum* and *Oceanospirillum*), with Emended Descriptions of the Species and Subspecies

YASUKE TERASAKI

Biological Laboratory, Suzugamine Women's College, Inokuchi-4-chome, Hiroshima, Japan

Volume 29, no. 2, p. 132–133, Table 3: Wavelengths for *S. pelagicum* AF2, *S. pelagicum* JF5, *S. pelagicum* UF1, *S. pusillum* IF6, and *S. multiglobuliferum* OF1 were measured only at 30°C.

Pages 132–133, Table 3: “f” on the left of the figures 1.0–1.2 of Spiral depth for *S. pusillum* IF6 should be deleted.

Pages 132–133, Table 3: Nitrate reduced to nitrite (7 days) for *S. pusillum* IF6 should read “+.”

Pages 132–133, Table 3: Nitrate reduced beyond nitrite stage (7 days) for *S. pusillum* IF6 should read “–.”

Pages 132–133, Table 3: Acid from carbohydrates (14 days) for *S. multiglobuliferum* OF1 should read “–.”

Page 133: “**Temperature of incubation.** With the exception of CA1, which was incubated at 20°C, all cultures were incubated at 30°C unless otherwise noted.” should be inserted between lines 9 and 10.

Page 133, line 32: “NB or SWNB” should read “nutrient agar or seawater nutrient agar.”

Page 135, legend to Fig. 1–7: “Fig. 1 shows cells from a 48-h-old culture; Fig. 2 through 7 show cells from 18-h-old cultures.” should be added to the legend.

Page 139, legend to Fig. 7: “*O. multiglobuliferum* OF2” should read “*O. multiglobuliferum* OF1.”

Page 140, column 2, line 18–19: “*Semisulcospira*” should read “*Semisulcospira*.”
