Volume 35, no. 3, p. 405, column 1: *Vibrio alginolyticus* subspecies *iophagus* is an illegitimate name and should be deleted from the list. Emod et al. (I. Emod, P. Soubigou, N. T. Tong, B. Keil, and C. Richard, *Int. J. Syst. Bacteriol.* 33:451–459, 1983) proposed “chemovar. *iophagus*” rather than “subspecies *iophagus*,” as interpreted by us. “Chemovar.” has no taxonomic standing according to the International Code of Nomenclature of Bacteria.
