Errata

Marinobacterium halophilum sp. nov., a marine bacterium isolated from the Yellow Sea

Ho-Won Chang, Young-Do Nam, Hyuk-Yong Kwon, Ja Ryeong Park, Jung-Sook Lee, Jung-Hoon Yoon, Kwang-Guk An and Jin-Woo Bae

International Journal of Systematic and Evolutionary Microbiology (2007), 57, part 1, 77–80

In the abstract on page 77, the major menaquinone for strain *mano11*^T is given incorrectly as MK-7. The correct major menaquinone should be Q-8, as stated in the description of *Marinobacterium halophilum* sp. nov. on page 79. In Table 1, on page 79, utilization of glucose for strain *mano11*^T is incorrectly given as negative. Utilization of glucose by this strain is positive as mentioned in the text and in the description of the novel species.

Amycolatopsis saalfeldensis sp. nov., a novel actinomycete isolated from a medieval alum slate mine

Marc René Carlsohn, Ingrid Groth, Geok Yuan Annie Tan, Barbara Schütze, Hans-Peter Saluz, Thomas Munder, Jun Yang, Joachim Wink and Michael Goodfellow

International Journal of Systematic and Evolutionary Microbiology (2007), 57, part 7, 1640–1646

In the description of *Amycolatopsis saalfeldensis* sp. nov. on p. 1645, the DSM accession number for the type strain is given incorrectly as DSM 44493^T. The correct accession number for the type strain of *Amycolatopsis saalfeldensis* sp. nov. is DSM 44993^T.
