Errata

Pelagicoccus croceus sp. nov., a novel marine member of the family *Puniceicoccaceae* within the phylum '*Verrucomicrobia*' isolated from seagrass

Jaewoo Yoon, Naoya Oku, Satoru Matsuda, Hiroaki Kasai and Akira Yokota

International Journal of Systematic and Evolutionary Microbiology (2007), 57, part 12, 2874–2880.

The type strain of *Pelagicoccus croceus* is given erroneously in the abstract and description as MBIC08282. The correct type strain of *Pelagicoccus croceus* is N5FB36-5^T=MBIC08283^T=KCTC 12903^T.

Friedmanniella luteola sp. nov., *Friedmanniella lucida* sp. nov., *Friedmanniella okinawensis* sp. nov. and *Friedmanniella sagamiharensis* sp. nov., isolated from spiders

Kimika Iwai, Kazuo Aisaka and Makoto Suzuki

International Journal of Systematic and Evolutionary Microbiology (2010), 60, part 1, pp. 113–120

The genus name of the novel species is misspelt in several places in this manuscript. The correct spelling of the genus name should be '*Friedmanniella*' throughout the paper.

Maribacter stanieri sp. nov., a marine bacterium of the family *Flavobacteriaceae*

Olga I. Nedashkovskaya, Seung Bum Kim and Valery V. Mikhailov

International Journal of Systematic and Evolutionary Microbiology (2010), 60, part 1, pp. 214–218

In Table 2, Phenotypic characteristics of species of the genus *Maribacter* (p. 217), there are missing data in one of the rows. The correct information for 'Acid production from L-fucose' for taxa 2, 6, 7 and 9 should be '–', '–', 'ND' and '+', respectively.
